## Newsletter

Welcome to the August edition of the official Poooh Busters monthly newsletter!

The summer is over; the kids are back to school and we all return to business as usual. All good things must come to an end and summer is definitely one of them. But do not despair, as one fun thing ends another begins. We have so much to look forward to; Halloween, Thanksgiving, and that other holiday that comes near the end of the year... so chin up and let's start a new adventure together...you, me and our ever faithful dogs!

### Poooper of the Month

We are proud to present Sampson as September's Poooper of the Month! Please visit the [Feature](#) section of our website to see this very lovable pooch!

### Did You Know?

That hiring Poooh Busters to keep your yard clean one of the best decisions you have made regarding the environment and your family's health? Here are the top five reasons why!

1. Animal waste may contain harmful organisms such as Giardia, Salmonella and E. coli that can be transmitted to humans and other animals by ingesting contaminated water.
2. Hookworms and Roundworms deposited by infected animals can live in the soil for a long time and be transmitted to other animals and humans.
3. Many urban and suburban areas require you to pick up after your pet, it's the law! Even if there is no restriction, cleaning up after your pet is the right thing to do.
4. Let's face it - no one likes to step in pet waste and spread it into homes, cars and businesses.
5. Your neighbours will appreciate the good manners!

### What's Happening?
