Pooper Monthly

Merry Christmas and Happy New Year!

Where has the year gone? 2008 was a record year for Pooh Busters and we have enjoyed every minute. So much has happened in a seemingly short period of time. We have increased our customer base, added a new member to the team, attended the 2008 Pet Expo, changed our website's look and updated our monthly newsletter. Whew! We hope this is just the beginning of many exciting things to come.

With Christmas fast approaching I wanted to touch on some holiday safety tips for our dogs. This time of year brings many crazy things for our pets to get into if

we're not careful and keep on eye on what's going on around the house. Decorations, trees, music, visitors, food, etc. All these things can present danger to our beloved pets.

Check out some of the potential hazards the season can bring:

- Alcoholic beverages, moderately toxic to dogs
- Tinsel, made from spun glass, can cause cuts and intestinal blockages if eaten.
- Artificial snow (the spray kind), possibly poisonous
- Candles, whiskers and tails can be burnt or knock candles over endangering the entire family
- Electrical cords, some dogs and cats like to chew these
- Turkey bones, major choking hazard so lets keep the garbage inaccessible
- Holiday guests, they can be uncomfortable around dogs and likewise dogs can get stressed by too many strangers all at once

Just a few things to think about as we celebrate this holiday.

From ours to you and yours, a safe and happy holidays!
